Advent for iPhone?

by **Paul** on 2008-11-19 16:27:35 +0100

I read in a post online about this Colossal Cave Adventure game being offered for Max OS X, and in a version for iPhone called Advent. I've searched your website, but couldn't locate it. Is it available?

Thanks in advance,
Paul

Hello Paul,

I think, the following webpage offers what you were looking for:
<http://iphone.iusethis.com/app/advent> (available in Apple's AppStore – search for Advent)

We don't have an iPhone version of Adventure.

Hope this helps,
Christoph
